

Dear Prevention Field,

Thank you for your interest in [EMT Online University](#) (EOU). EOU is proud to announce a new partnership with My Prevention Community (MPC), a social network site that connects prevention-focused professionals, consultants and adult students locally and throughout the country. EOU has relocated its online campus within MPC's website in order to provide a greater level of service and increased capabilities to its learners.

As a celebration of this new partnership, EOU would like to offer no-cost access to EOU's Individual Learner Account, which provides learners their own training history, opportunity to participate in course testing, and the ability to print certificates of completion. (This is an upgrade to the guest account at www.eodemo.org)

To take advantage of this offer, you must first become a member of My Prevention Community at www.MyPrevention.org (There is no-cost to become a member). Afterwards, go to: www.emtonline.org and click the enrollment button and follow the directions.

This offer is open to you and your staff, so [please share this information with your colleagues](#). This promotion will end July 31, 2009. If you have any questions, please contact Mark Freeman at mark@emt.org.

Have a great day,

Mark Freeman
